MEMORANDUM FOR THE RECORD

Morning Meeting of 24 July 1967

Godfrey reported that the Rumanian National Parliament will open today. News services are anticipating a stronger affirmation of independence than we feel is warranted. He noted that two members of RFE were asked to attend, presumably to ensure accurate reporting to Eastern Europe. The Director asked Godfrey to include the RFE angle in the publications.

Kent noted that NIE 11-4 should be buttoned up today.

Warner said that Senator Baker will be coming to Headquarters on Wednesday for lunch and a briefing on the Soviet atomic energy program.

The Director noted that he is scheduled to accompany Charlie Schultze to a meeting with Senator Russell this afternoon.
